## Powerful New Garrett DD Searchcoil Offers EuroACE Search Advantages

- DD configuration provides greater detection depth and performance by significantly reducing the negative effects of heavily mineralized ground and saltwater interference.
- Long, narrow detection field provides excellent scanning coverage and target separation ability, as compared to conventional coils.
- **Garrett exclusive:** blunted tip and tail design further extends coil's total scan area and offers improved searching along obstacles (walls, fencing, etc.).
- Optimized for maximum detection depth on small relics and coin-sized targets.

- Excellent ground visibility through coil.
- Rugged, *Rhino-Tough™* epoxy-filled construction.
- Waterproof design; near-neutral buoyancy in water.

**Excellent performance in mineralized ground.**

## Key Features and Specifications

- **Enhanced Iron Resolution™**—allows more precise control over how much iron discrimination to apply. Use to separate good treasure targets from adjacent iron trash.

- **Improved Audio\***—Tone ID optimized to indicate distinctions between ferrous and non-ferrous targets.
- **Higher Frequency\***—Offers improved ability to detect small, conductive targets (hammered coins, nuggets).
- **Volume-control headphones**—Garrett's *ClearSound Easy Stow* headphones are **included** with the EuroACE.

### Search Modes (Discrimination Patterns): 5 plus electronic pinpointing

- Jewelry
- Custom
- Relics
- Coins
- Zero
- Pinpoint

### Key Features:

- **Powerful, large 28 x 22cm PROformance** Double-D searchcoil
- **Enhanced Iron Resolution™** allows more control of iron discrimination levels; helps separate good targets from adjacent junk iron.
- **Improved Audio\***—Tone ID optimized to indicate distinctions between ferrous and non-ferrous targets.
- **Higher Frequency\***—Offers improved ability to detect small conductive targets (hammered coins, nuggets)
- **Volume-control headphones**—Garrett's *ClearSound Easy Stow* headphones are included with the EuroAce.
- **Electronic Pinpointing** to speed target recovery
- **Accept/Reject Discrimination** to modify discrimination patterns
- **Five Search Modes:** select pre-set discrimination pattern or create your own
- **Continuous Coin Depth Indicator** to determine target depth
- **Battery Condition Indicator** shows battery life continually
- **Interchangeable ACE series searchcoils** are available
- **Pushbutton Controls** with One-Touch operation

\* Compared to ACE 250 and ACE 150

\* Compared to ACE 250/150.

### Specifications:

Target ID Cursor Segments	12
Iron Discrimination Segments	5
Accept/Reject Discrimination	Yes
Search Modes	5
Sensitivity/Depth Adjustments	8
Electronic Pinpointing	Yes
Frequency	8.25 kHz
Audio Tone ID Levels	3
Standard Searchcoil	28 x 22cm DD PROformance
Length (Adjustable)	42" to 51" (1.06m - 1.29m)
Total Weight	2.8 lbs. (1.27 kgs.)
Batteries	4 AA (included)
Warranty	2 Year, Limited Parts/Labor
